

SPLIT IN MARYLAND

Three Democrats and Three Republicans Elected.

MUDD WINS A BIG VICTORY

Efforts of the Labor Element to Defeat Him Are Futile—William H. Jackson, Republican, Carries First District—Harry Wolf, the Former Newsboy, Defeats John in Third.

Special to The Washington Herald.

Baltimore, Md., Nov. 6.—Maryland will send another split delegation to Congress, three Democrats and three Republicans. The surprising feature of the day has been the increase in Democratic majorities in this city. The First district, on the Eastern Shore, went for William H. Jackson, Republican, who beat Thomas A. Smith, Democrat, by 2,000 majority. Smith carried Queen Anne County by 200, which is 500 less than in 1904. In this fight ex-Gov. E. E. Jackson was pitted against his own brother.

In the Second district, J. F. C. Talbott, Democrat, beat Robert Garrett, Republican, by over 3,000. Talbott carried Baltimore County by about 3,000 and Carroll County by 3,000, but owing to a local issue lost Democratic Harford County by about 120. Talbott carried every precinct in his own Baltimore County except one, which he lost by but three votes. He increased his majority in Democratic strongholds and carried Republican precincts.

Fared Badly in City.

He fared badly, however, in the city wards, where a large personal following and independent voters were for the grandson of the railroad president. Talbott lost in the city wards of his district by 350 votes.

Harry Wolf, Democrat, the newsboy candidate, and not yet twenty-five, defeated the old campaigner, former Postmaster W. W. Johnson, in the Third district. Wolf won by 85 in a district that went Republican two years ago. Wolf got the large foreign vote in the district, and was aided by his energetic personality. Only a few years ago he was a newsboy.

Congressman Frank Wacker was elected for consecutive times for the Third district. Previous to his election it had been a Democratic stronghold. Wacker declined to run this time, although urged by his party leaders to do so. He would not make the fight, because he intends to be a candidate for the Republican nomination for mayor next election. W. W. Johnson, the Republican nominee, in his place could not draw the Democratic votes that Wacker did.

In the Fourth district John Gill, Jr., Democrat, has defeated John V. L. Findlay, Jr., Republican, and son of the former Congressman, by 2,100, a Democratic increase.

Congressman Sydney E. Mudd, Republican, has again carried the Fifth district with its large black belt, defeating George M. Smith, a railroad conductor. Mudd won by 2,000. He carried Charles County by 800, and Calvert by 420. Mudd was the subject of attack by Gompers on labor issues, and as a result Mudd lost the four city wards in his district, where a large labor vote resides, by 485 votes. At the last election Mudd got a majority of 1,200 in the city wards, thus making today's reversal of votes 1,685.

Col. Penne a Winner.

In the Sixth district Col. George A. Penne won by the usual Republican majority of 2,000, defeating Harvey Spessard, in spite of the assaults by the Dick element.

Interest in the fight in Baltimore centered chiefly about the contest for an additional judge for the Supreme Bench. Thomas Ireland Elliott, Republican, defeated William F. Wheatley, Democrat, by 64 majority, out of a total vote of 8,000. Members of the bar split over the endorsement of the candidates. Wheatley was backed by the regular Democratic organization, and was attacked because he was said to be too young and inexperienced for the job.

Ireland, who has been city solicitor, and once before a candidate for the bench, was backed by the Republicans and Secretary Bonaparte and his independents.

Mudd's Success Is Complete.

Special to The Washington Herald.

Annapolis, Md., Nov. 6.—Congressman Mudd has won complete and sweeping victory in Anne Arundel county, eclipsing that of any of his previous campaigns. George M. Smith, Democrat, made a disappointing running, and the returns from some of the county precincts indicate that the Democratic workers apparently laid down. The labor campaign apparently helped Mudd.

Including the three wards of Annapolis, twelve of the precincts of the county have been heard from, and combined they give Mudd a total plurality of 1,650. With the returns of the four missing precincts it is estimated that Mudd will carry the county by close to 1,200. Mudd not only ran strong in Republican precincts, but he also broke into Democratic strongholds.

Notably was this the case in the Fourth district, from which the returns indicate that Mudd got pluralities of 11 and 9 in the two precincts there. The only precinct of the thirteen heard from, carried by Smith, was Harman's, of the Fifth district, which he received a plurality of 42. Two years ago Mudd carried this county by 280, so the extent of his victory this time may be readily seen.

Figures in Annapolis.

In Annapolis his plurality was 433, 200 more than the Republicans had counted upon.
